this packaging. The system manager, along with the system and data tables will identify each data table, application and template and JAVA class that is relevant to the complete web site package. It is a straightforward procedure to use these tools to retrieve all the information from a development system with multiple [[we]]web site developments.

REMARKS

Applicant respectfully requests the Examiner to enter this Amendment Under 37 C.F.R. 1.312 because it merely seeks to correct formal matters in the specification. This amendment should not require any additional search and no claims are amended.

If there are any questions, we urge the Examiner to call us collect.

Respectfully Submitted,
